

CHILD WELFARE ACADEMY TRAINING PROGRAM

Inclement Weather Policy

The Child Welfare Academy (CWA) Training Program follows regional public school schedules in the event of inclement weather for training held at UMB or other locations.

Training at UMB-SSW

Training scheduled to occur at UMB School of Social Work (SSW) will follow the delay or closing announcement for Baltimore **City** Public Schools (BCPS).

Should BCPS announce a delayed opening, training will be delayed by an equal amount of time. For example, a BCPS delay of 1 hour means training will begin at 10 A.M. and a 2 hour delay means training will begin at 11 A.M. Should BCPS announce a closure for the day, training for that day will be cancelled.

Training at Regional Locations

Training to be held at locations other than UMB School of Social Work (SSW) will follow the delay or closing announcement for the public school system for the county in which the training was scheduled to occur.

For example, if the training is scheduled to occur in Prince George's County and Prince George's public schools announce a delay, training will be delayed by an equal amount of time, or if schools are closed, training will be cancelled.

Rescheduling

In the event training is cancelled, CWA will reschedule the cancelled portion of the training event at a later date including Pre-Service testing. Registered training participants will receive a notification letter of the rescheduled date(s), and those dates will also be posted to the Training Program's webpage located at: <http://www.family.umaryland.edu>
